Bloomberg provides **real-time data coverage** of securities listed on A2X

Full visibility of price and volume activity will empower you to achieve best execution when transacting in listed securities across A2X and the JSE.

How do you find A2X price data on Bloomberg?

The data can be located using the A2X exchange code "AJ". Users can access the data by typing in the security code followed by the exchange identifier and asset class.

For instance, the price of Afrimat shares can be accessed using AFT AJ Equity <GO>.

Shares Currently Listed on A2X are:

Security Code	Security Name
AFT	Afrimat Limited
AIL	African Rainbow Cap Invest
CML	Coronation Fund Managers
HUG	Huge Group Ltd
PGR	Peregrine Holdings
SDC	Sandown Capital
SLM	Sanlam Limited

You need to subscribe to Bloomberg to get real time data (as opposed to 15 minutes delayed). There is **NO COST** to access this real time data from A2X.
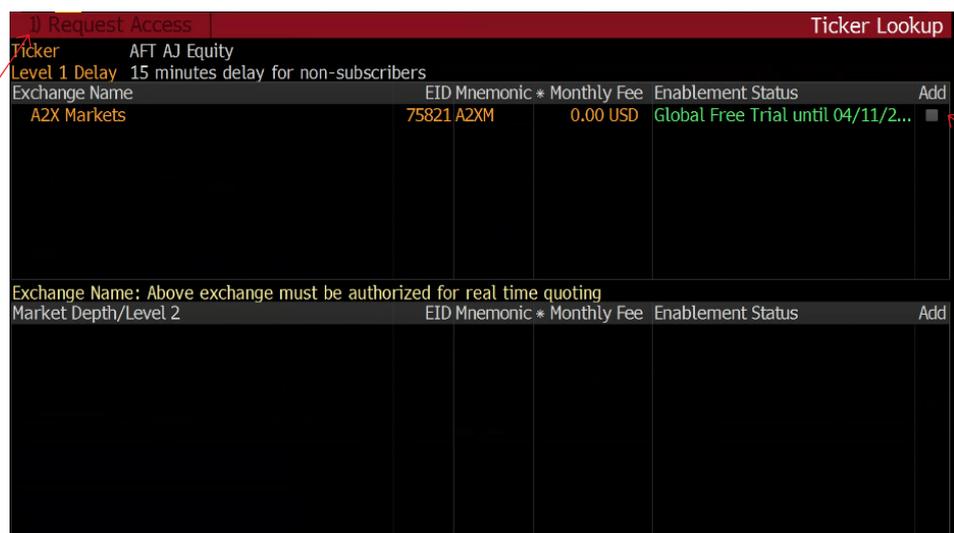

To subscribe, follow the below process:

Contact the Bloomberg helpdesk by hitting Help Help (F1 F1) on your Bloomberg keyboard for assistance.

Subscription Process EXC<GO>

1. Type the identifier in the command line "AFT AJ Equity<GO>"

2. Run DES<GO> for the description of the stock to ensure that you are capturing the correct security

3. Ensure you use the A2X exchange code "AJ" (not SJ)

Subscription Process - Continued EXC<GO>

1. On the same panel type in EXC<GO> and the user will be taken to this subscription screen

2. Tick this box to subscribe for real time data at NO cost

3. and then hit the button on the top left-hand corner "1) Request Access"

Please note, you will need to logout and re-login for the enablement's to take effect
