# **Sygnia Healthcare ETF lists on A2X**

*Tuesday, 17 August 2021:* The [Sygnia](#) Itrix Solactive Healthcare 150 ETF lists on [A2X Markets](#) today.

The Sygnia Itrix Solactive Healthcare 150 ETF is a high risk, passively managed index-tracking fund whose objective is to replicate the price and yield performance of the [Solactive Developed Markets Healthcare 150 Index](#).

Sygnia is the largest international equity ETF provider in South Africa, offering investors the widest range of ETFs that track international equity markets. Sygnia's newest ETF joins 12 other Sygnia Itrix ETFs already listed on A2X.

Sygnia CEO David Hufton said, "The healthcare sector has never been more relevant than it is right now. By listing this ETF on A2X, our local investors not only have exposure to international companies at the forefront of scientific innovation and healthcare, they are also able to extract additional benefits and save money through A2X's low-cost platform when they transact."

Kevin Brady, A2X CEO, said, "We are delighted to list the latest Sygnia ETF on our platform today. We look forward to demonstrating all the benefits a listing on A2X has to offer Sygnia investors, including lower exchange fees, narrower spreads and added liquidity."

The listing of this ETF brings the number of instruments available for trade on A2X to 54, with a combined market capitalisation of over R4 trillion. A2X was authorised by its dual regulators, the FSCA and the Prudential Authority, to secondary list exchange traded products in 2019 and will now offer 16 ETFs and 2 ETNs on its market.

A2X is a licensed stock exchange that provides a secondary listing venue for companies. It is regulated by the Financial Sector Conduct Authority and the Prudential Authority (SARB) in terms of the Financial Markets Act. A2X began trading in October 2017, with seven approved brokers accounting for about 60% of market activity.
